

## Product and Engineering

### Product Essentials Program

This is to certify that Vikash Kumar has successfully completed the Highway to HighRadius Internship Program from **07th January 2021** to **17th March 2021**, where he/she built and deployed an AI Enabled Fintech B2B Cloud Application.

During this project, he/she was involved in creating a full stack web-based product thereby developing a deep understanding of all aspects of product development such as identifying appropriate user requirements, designing a great user experience and building appropriate data models and machine learning models along with relevant UI components and backend design.
